

Addendum to Landings Handbook: Contractor Hours and Other Restrictions

Throughout the year there are many contractors working in The Landings who have been hired by individual owners. In the interest of promoting and protecting the peacefulness of our neighborhood, the following policy has been adopted.

Contractors should limit their work hours to 8 AM to 5 PM Monday through Saturday. There should be no contractors working on Sunday unless prior approval is obtained through our management company.

Additionally, owners are responsible for ensuring contractors do not block ingress or egress for neighboring units.

Violation of these rules may result in an assessment/fine as per the Landings Handbook Policy XV. Enforcement Procedures and Assessments for Rules Violations.
